

# Mosfet N-FET transistor 2SK2500

**MOS-N-FET for automotive regulators,  $r_{ds}=0,007\text{Ohm}$ .  
SOT93 G D S D 18p**

## Technical description

Producer marking: NEC K2500. Certified manufacturer, quality guarantee. Delivery time will be sent to you on request. Application, see attachment.

|                   |                 |
|-------------------|-----------------|
| Výrobce           | NEC Electronics |
| Typ               | N-FET           |
| Provedení         | SOT93           |
| Napětí (Vce, Vds) | neuveđeno       |
| Proud             | neuveđen        |
| Výkon P_max       | neuveđen        |
| Odpor R_ds        | 0,007 Ohm       |
| Rychlost          | neuveđeno       |
| Kmitočet          | neuveđen        |

# FAN CONTROL AMPLIFIER - Y33 VERSION:
